THE BASIC DIFFERENCE.

21 years of secure, reliable, superior service.

Over 9,000 employers nationally trust BASIC with a wide range of HR responsibilities as a way to manage risk, control cost, and improve staff focus and efficiency.

Payroll

Our easy to use system provides the flexibility and dependability in a payroll provider that you want with the security and personal payroll guidance you really need.

Flexible Spending Accounts (FSA)

A key element to a well rounded benefit program; BASIC Flex offers varied options and attentive staff to assist you and your employees with a tax saving benefit.

COBRA

Using BASIC to administer your COBRA reduces your exposure to risk and frees up valuable time that you can devote to your active employees.

Family Medical Leave Act (FMLA)

BASIC has the experience, reliability and results you are looking for in regards to this increasingly complex regulation. Absentee management options available.

Health Reimbursement Arrangements (HRA)

Flexibility in plan design and years of administration experience make BASIC one of the leaders in HRAs. Offers Full integration with BASIC FSA.

Health Savings Accounts (HSA)

Our ongoing service and knowledge will make all the difference. From enrollment, payroll deductions and regulation changes, we have you covered.

PARTNERING WITH:

Human Resource Information System (HRIS)

Our secure web-based HR Management Systems provides extensive automation of all your HR-related activities. They are both comprehensive and affordable.

Premium Consolidation

We manage, consolidate and reconcile all your premiums so you don't have to. Notify BASIC of all additions, changes, and terminations and we handle the rest.

Agency Management System - BASIC Guru

Our online benefits management system was designed for insurance agents to securely store and share benefits and special features with employers and employees.
